Motorcycle Safety Seminar a Huge Hit!

On Saturday, Feb. 12th, Indian Motorcycle of San Diego hosted its first ever Motorcycle Safety Seminar presented by the SD Crew's own Dave "Professor" Timmons. The seminar presented to 30 plus riders of all experience levels, began with a 45 minute classroom presentation focusing on general safety, group riding techniques, riding alone, bike inspection and maintenance. The classroom presentation was then followed by a 70 mile group ride that included freeway riding as well as more technical twisties. The seminar was concluded by a short get together and review of the material learned earlier in the day.

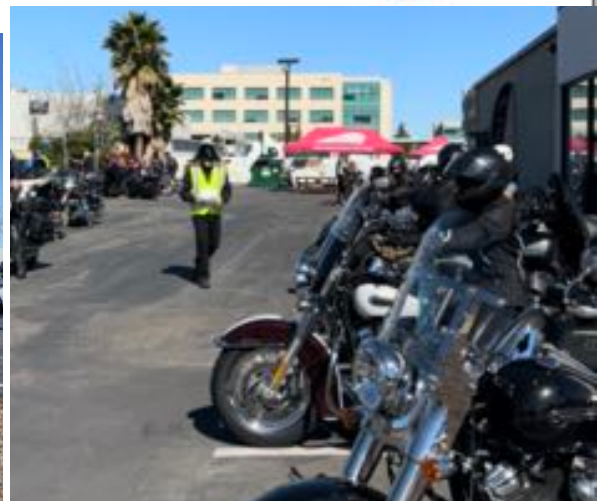

Following the review, hotdogs and chili were provided by IMSD prepared by SD Crew President Robert "Banner" Malasek. The seminar was met with great reviews of those who attended. A huge Thank You! goes out to those who attended and especially to the Professor for his time and expertise, and Banner for his culinary delights!

(All bikes are welcome on each and every ride)
