IMRG 2040

San Diego Chapter

Iron Butt Association Has A New Member

Our very own Dave Timmons stated, "I can check off an Iron Butt from my bucket list. Rode back from Wyoming in 19.5 hours" When asked what route he took Dave replied, "from Thayne, WY around Salt Lake City through Las Vegas, Riverside, Temecula and needed 60 more miles so on Pechanga Parkway to Pala then east on the 76 to south on 79 and south on the 67 to I-8 west, I-805 north, 52 east and got gas off on Convoy." That's quite a feat, congratulations Dave.

A final note from your editor:

As soon as I return to riding I have to leave again but this time will not be as long. As many of you know, my Mom recently passed away. Thankfully I have the support of people like you that have reached out and provided the needed words at this time.

One of the major reasons I ride, besides the awesome bikes made by Indian, is for the fellowship of you the riders. We have a family that we can share some awesome times with, swap stories and yes, pick each other up when we are down. This last month was a prime example, after the Memorial Day Ride on the 29th, IMSD hosted an event which had a focus on our mental health. We are a fortunate group as we have the best dealership and a growing community with the SD Crew.

While I am out of the area I will have the chance to ride with another chapter, 1941 from Springfield, Massachusetts. Yes, that Springfield, the original home of Indian Motorcycles. They too are supporting each other as this will be a memorial ride for one of their own, Tom Mcquillan, who played the role of Santa for the chapter over the years. He recently passed away but certainly will not be forgotten.

When I return I will have plenty of stories and photos to share, until then, take care of each other and enjoy the fun times we will certainly experience this summer and fall. Please send in your photos or stories to thesdcrew@icloud.com
